

MANIKYAM GOLLA

manikyamgolla12@gmail.com | +91 9381825879 | Andhra Pradesh, India

OBJECTIVE

Motivated final-year AI & ML undergraduate with hands-on experience in Python, Machine Learning, and developing AI and web-based projects. Proven ability to build innovative solutions through award-winning projects and hackathons. Seeking entry-level opportunities in AI/ML, Generative AI, and AI application development to contribute to practical solutions while continuously expanding technical expertise.

EDUCATION

- **ENGINEERING**

Vijaya Institute of Technology for Women – Enikepadu, Andhra Pradesh 2023 – 2027
B.Tech – Artificial Intelligence and Machine Learning | Currently: 4th Year
GPA: 7.85 (completed 6 semesters)

- **BOARD OF INTERMEDIATE EDUCATION**

Narayana Junior College – Vijayawada, Andhra Pradesh 2021 – 2023
MPC | Aggregate Marks: 859

- **SECONDARY EDUCATION**

Narayana High School – Gannavaram, Andhra Pradesh 2020 – 2021
SSC | Aggregate Marks: 594

SKILLS

- **Programming Languages:** Python
- **Web Technologies:** HTML, CSS
- **Machine Learning:** Supervised & Unsupervised Learning, Basic NLP, Model Evaluation, , Machine Learning Fundamentals
- **Version Control & Tools:** Git, GitHub, Jupyter Notebook, Visual Studio Code, Claude, Manus Base44, Caffeine AI
- **Professional Skills:** Problem Solving, Logical Thinking, Analytical Thinking, Critical Thinking, Communication

PROJECTS

Fake News Detection Using Machine Learning

Jul 2025

- Developed a Fake News Detection system using Python, and NLP to classify news articles as real or fake through text preprocessing and machine learning algorithms.
- Implemented text cleaning, tokenization, stemming, TF-IDF vectorization, and model evaluation, achieving accurate prediction of fake news on a labeled dataset.

Gradify App

Feb 2026

- Developed an application that helps students calculate their GPA and CGPA quickly and accurately.

- Designed to simplify academic performance tracking for students.

Give Hope – Donation Platform

Feb 2026

- Created a website that allows users to start fundraising campaigns and collect donations for social causes.
- Includes campaign creation, donation tracking, and user-friendly interface.

ACHIEVEMENTS

- **Winner – College Hackathon:** Developed **Gradify**, an instant **GPA & CGPA Calculator** application using **Vibe Coding**, recognized for its innovation, usability, and practical problem-solving approach.
- **Winner – Inter-College Hackathon:** Awarded a prize among 150+ participating teams for developing **Give Hope**, a donation and campaign management website using **Vibe Coding**, demonstrating strong web development, teamwork, and problem-solving skills..
- **Project Expo Award:** Received an award for presenting **Gradify**, showcasing its practical features, user-friendly design, and real-world application.
